Report on Radio talk on the topic of “The international day for Elimination of Violence against Woman”

On November 22, 2023, A Radio Talk was organized by Department of Chemistry, Faculty of Sciences of Guru Kashi University. Associate Dean, Faculty of Sciences & Head of the Department of Chemistry, Dr. Sunita Rani and Ms. RJ Manpreet Kaur engaged in an interactive & useful Radio Talk addressing the crucial topic “On the occasion of International Day for the Elimination of Violence against Women”. Dr. Rani, advocating for women's rights brought her expertise to the discussion highlighting the alarming prevalence of violence against women globally and its devastating impact on individuals and societies. She emphasized the urgent need for collective action to address this pervasive issue, advocating for policies that promote gender equality and empower women to break the cycle of violence. Ms. RJ Kaur, with her engaging and empathetic approach, provided a platform for listeners to share their experiences and perspectives, fostering a dialogue that underscored the importance of raising awareness and challenging societal norms that perpetuate violence against women. Together, they sparked a conversation that not only shed light on the realities of gender-based violence but also inspired listeners to become agents of change in their communities. This radio talk served as a powerful reminder of the significance of the International Day for the Elimination of Violence against Women and the ongoing efforts needed to create a world free from gender-based violence.
