She as a scientist represented Guru Kashi University and interacted with participants, students who came from different schools across the district and encouraged them to keep alive their passion for science and encourages a culture of scientific exploration and inquiry. She also laid stress onto have positive mindset and abreast themselves about the latest innovation in sciences. Our participants also visited various stalls and enriched their knowledge through expert lectures, telescope making workshops, Night sky watching and many more. All the participants received appreciation certificates for exhibition of their model and projects. Dr. Bawa congratulated all the participant's students and convener of Programme from GKU organizers of Festival of Science, Dr Rajiv Kumar Sharma, Principal of DAV College Bathinda as local organizer for this fruitful event and on successful completion of the event.
